

[illegible]

A minimalist line drawing of a toilet and a chair. The toilet is positioned at the bottom of the frame, facing forward. It has a standard bowl and a closed lid. Above the toilet, there is a simple chair with a backrest and four legs. The chair is oriented towards the left. The entire scene is set within a rectangular frame, with a horizontal line at the bottom representing the floor and a vertical line on the left representing a wall.

A minimalist line drawing of a door. The door is rectangular with a simple handle on the left side. To the right of the door is a window with a frame. The drawing is composed of clean, black lines on a white background.

WC2

The drawing shows a top-down view of a toilet bowl and its associated flush valve mechanism. The toilet bowl is represented by an oval shape with a small circle in the center. Below the bowl, a rectangular box contains a detailed view of the flush valve assembly, which includes a vertical pipe and a horizontal pipe. A diagonal line runs from the top right corner of the drawing area down to the flush valve assembly, indicating a connection or flow path. The text 'WC2' is written in a large, stylized font to the right of the toilet bowl.
